

Alternatively, the halyard locking device can be fitted on a mast chain plate. Among those external locks we distinguish two types : the two-in-one locking swivels and the locks attached by a loop.

## HE EXTERNAL LOCKS WITH LOOP BODY

### >> Fixed locking device & mobile pin :

- Easily fitted : Only minor mast modifications. Can be fixed onto the head attachment with a textile attachment (loop lashings).
- The halyard (small  $\varnothing$ ) can then run down inside or outside the mast.

### New HEL

- with Aluminium body
- > New design
- > More compact and lightweight
- > 3T / 5T / 8T
